## Apportionment Vote May Void Court Decision

By JOHN BECKLER

WASHINGTON (AP) — The Senate keeps talking, but the House votes today on what has become a key issue in the fading session of Congress — apportionment of state legislatures.

A Senate filibuster is holding back action on a proposal by Senate Republican Leader Everett M. Dirksen of Illinois that would permit states to delay court-ordered reapportionment. But a bill much tougher on the federal courts is up for a vote in the House.

Offered by Rep. William M. Tuck, D-Va., it would remove jurisdiction over state-reapportionment cases from the lower federal courts and prevent the U.S. Supreme Court from reviewing such cases decided in state supreme courts.

Both the Senate and House moves are aimed at undoing a Supreme Court ruling that both "houses of a state legislature must be based on population."

There is strong opposition in the House to the Supreme Court ruling, but the very toughness of the Tuck bill is causing some misgivings among those who would like to see the ruling overturned.

They feel there is more question of the constitutionality of the Tuck bill than there is of the Dirksen proposal and thus more likelihood that it might be vetoed by President Johnson.

## Weed Killer Routs Folks From Homes

TAMPA, Fla. (AP)

Hundreds of persons were routed from their homes by noxious fumes Tuesday night after a 55-gallon drum of underwater weed killer exploded at a chemical plant.

More than 100 persons were treated at hospital emergency rooms for eye and nose irritations, cramps and nausea.

The fumes, from a chemical called acrolein, billowed from open doors and windows into the heavily populated, mostly Negro neighborhood. Mass traffic jams caused by curious onlookers hampered firemen and police trying to reach the area in gas masks.

"First you choke, then you get abdominal cramps and nausea," said Vernon Barchard, photographer for the Tampa Tribune. "I vomited 15 minutes."

Police Capt. L. J. Buchanan and fireman Lionel Hernandez, were hospitalized for observation.

Herbert Friedman, president of Southern Mill Creek Chemical Co., where the explosion occurred, said the chemical fumes were not poisonous.

Friedman said he was in the plant office when he heard an explosion about 8 p.m. He said the chemical apparently built up pressure inside the container, blowing off the top and spewing snowflake-size powder over a store room.

Firemen, wearing gas masks and rubber suits, entered the four-story building to cap the drum. Many were overcome when fumes seeped through loose masks.

Police, using sound trucks, ordered evacuation of a 16-square block area around the plant. Firemen, using hoses, brought the fumes under control shortly before midnight.

## Has Some Very Interesting Experiences in Political Pulse Taking Ventures

By RELMAN MORIN

NEW YORK (AP) — Some years ago, in a Broadway musical, they sang a song called "Love My Pulse Alone," or words to that effect.

It kidded polls, pollsters, market researchers and those who attempt to measure trends and discover what people are thinking about. This of course includes newspaper reporters.

In every presidential election year, I try my hand at political pulse-taking. You have some interesting experiences, and frequently they recall that song.

For example, the elderly gentleman in Springfield, Mass., in 1956. He was the soul of courtesy when he answered the doorbell. I explained that I would like to hear his opinions about candidates, issues, etc., his Yankee features froze.

"That, sir, is an invasion of privacy," he said. "Why, I wouldn't even tell my wife what I think about those matters. Now, you get off my porch or I'll sic the dog on you."

Another time, in Passaic, N.J., a housewife made a deal with me. "I have some work to do upstairs," she said. "If you will sit here and watch junior, I'll talk to you."

No, she hadn't voted in the previous presidential election. Too young. No, she didn't know

## Keating's Right to Run Again Is Challenged

NEW YORK (AP) — Rep. Paul A. Fino, Bronx County Republican chairman, has challenged Sen. Kenneth B. Keating of Rochester for the GOP nomination to the U.S. Senate.

Fino says Keating, who formally announced for a second term Tuesday, "cannot and should not" ask for renomination as long as he continues to withhold endorsement of presidential nominee Barry Goldwater.

Until Fino declared his candidacy in a statement in Washington, Keating had been expected to win unanimous nomination at the Republican State Committee meeting here Aug. 31.

Fino's move raised the possibility of a floor fight at the meeting, but nomination of Keating appeared certain. Keating's announcement won favorable reaction among party leaders, including Gov. Nelson A. Rockefeller, State Chairman Fred A. Young and Sen. Jacob K. Javits.

Fino said "Keating's failure and refusal to support the national ticket is tantamount to bolting the Republican party."

Fino declined to estimate how many of the 300 members of the Republican State Committee might support him. He said, however, that he expected backing by two congressmen from Nassau County on Long Island — Frank J. Becker and Steven B. Derounian.

Later, Becker issued a statement in Washington saying he

## State Delegates May Walk Out of Convention

LITTLE ROCK (AP) — Leon Catlett, chairman of the Democratic Party in Arkansas, agreed Tuesday with Gov. Orval E. Faubus' prediction that the Arkansas delegation of the Democratic National Convention would walkout if the regular Mississippi delegation is not seated.

But 11 other members polled on the question came up with varied reactions — one opposed a walkout.

A largely Negro Freedom Democratic Party has made plans to attempt to be seated at the convention in place of the usually segregated Mississippi delegation.

Pulaski County Judge Arch Campbell opposed the walkout, saying, "I'm going to be a Democrat. I'm not going to walk out and say I'm going to vote for Goldwater."

J. E. Dunlap of Harrison, J. B. Dodds of Little Rock and state Rep. Chadd L. Durrett of Strong said they thought the regular Mississippi delegation would be seated and the question of a walkout would not arise.

Seven of those polled had no opinion. They were Max Moxes, Raymond Rebsamen, William J. Smith, Beloit Taylor and Frank Whitebeck, all of Little Rock; Sam Boyce of Newport; and James D. Cybert of Springdale.

## 2-Man Orbit Project to Be Delayed

By HOWARD BENEDICT

CAPE KENNEDY, Fla. (AP) — A series of lightning bolts which caused considerable damage on the Project Gemini launching pad apparently has erased any possibility of a two-man orbital flight this year.

Officials said the mishap probably means that astronaut Virgil I. Grisson and John W. Young will have to visit until early 1965 to make the first tandem flight. They were to take a three-orbit, five-hour space ride in mid-December.

As an electrical storm swept over Cape Kennedy Monday night, several lightning bolts struck the Gemini launching complex. They damaged systems in a Titan 2 rocket on the pad and in the ground support equipment.

It was the first recorded incidence of lightning damage to a rocket in the 14-year history of the cape. All rocket gantries here are supposed to be lightning-proof.

The Titan 2 was being groomed to boost a fully equipped spacecraft, which was not on the pad, on a 2,000-mile ballistic flight to test all systems, the re-entry protective heat shield and recovery techniques.

The launching, the final unmanned shot before the Grissom-Young flight, had been scheduled for Oct. 6.

The National Aeronautics and Space Administration said Tuesday, "The effect on the launch date is not known at this time. But some equipment replacement, launch complex revalidation and systems retest will be required."

"The over-all effect of this condition may result in a delay of the first manned flight into next year," the agency said.

A spokesman said the lightning caused no visible damage — that apparently all of it took the form of short-circuits and other electrical-type damage to delicate components.

## M. D. Smith Rites to Be Friday

Airforce, Benny Smith of Washington; three brothers, T. J. of Tucson, Ariz., Ivy of Globe, Ariz., G. L. Smith of Idaho; two sisters, Mrs. Lillie Austin of Oklahoma and Mrs. Lizzie Daniels of Arkansas.

**FEW MISTAKES** — Gertrude, the duck, has just begun laying eggs and still makes a few mistakes. ## Youth Fights a Sting Ray for 18 Hours

COCOA BEACH, Fla. (AP) — Bolstered by a ham sandwich, weary 15-year-old Tom Joyner Jr., battled a 370-pound sting ray for 18 hours.

He finally got it to shore, but with the help of divers. "I don't care," Tom said. "I got him anyway."

He never let go of the line from 6:45 p.m. Monday, until 1:30 p.m. Tuesday when two divers ran an oar through the ray's gills and helped Tom haul him to the beach with a boat.

A huge crowd, part of the thousands who came by during the day, had gathered.

Tom wouldn't leave the 600-foot-long Patrick Air Force Base pier after he hooked into the ray, a round, flat-bodied creature with a whip-like tail capable of inflicting severe wounds.

Through the night, his father and friends fed him coffee. When morning and the hot Florida sun came, Tom switched to soft drinks.

His father sprayed the reel with water but it still burned Tom's hands through his heavy gloves.

Just before noon, Tom ate a ham sandwich — his only food during the battle. He was never able to bring the ray closer than 200 yards, and he decided to go after it in a boat when it played out 300 yards of his 400-yard, 96-pound test line.

Tom's battle wasn't the first at the pier. Last July, Mike Douglas, 15, battled a giant fish for 33 hours before losing it. Also last July, Tom landed a 310-pound shark, a record for the pier.

Faubus said he had to attend a class reunion at Huntsville. The governor also plans to not attend the Democratic National Convention next week in Atlantic City, N.J.

## Johnsons Are Worth Total of \$3.4 Million

WASHINGTON (AP) — An accounting firm hired at the direction of President Johnson reported today that the Johnson family fortune totals \$3,404,098.

The firm of Haskins & Sells said the President and Mrs. Johnson and their two daughters, Lynda Bird and Luci Baines, had total assets of \$3,682,770 as of July 31.

On the same date the family had liabilities of \$198,672, which reduced their net worth to \$3,484,098.

The accounting firm said President Johnson's assets amounted to \$477,417 and his liabilities were \$99,336.

The detailed statistical table made it evident that most of the Johnson wealth is held in the name of the First Lady. Mrs. Johnson's assets were said to total \$2,225,634 with liabilities of \$99,336.

This gave Mrs. Johnson a net worth of \$2,126,298, compared with \$378,081 for the chief executive.

Lynda Bird Johnson's assets were put at \$490,141. Those of her sister Luci Baines were given as \$489,578.

The table listed no liabilities for either of the daughters.

During recent months, published estimates of the size of the Johnson fortune have ranged from about \$4 million to \$14 million.

## Woman Killed in Hotel Room

SAN FRANCISCO (AP) — A woman was beaten unconscious, shot and robbed in her room at the Hilton hotel Tuesday — her screams for help mistaken by a maid for shrieks of girls waiting for the Beatles.

Gertrude Goodman, of Marysville, Calif., about 50, was taken to Children's Hospital in critical condition. Police said a bullet had grazed her head.

About 2000 fans of the British singing group swarmed around the hotel before the Beatles reached the hotel four hours later.

## U.S. Blamed by Viet Nam Students

By MALCOLM W. BROWNE

SAIGON, Viet Nam (AP) — About 200 students challenged Maj. Gen. Nguyen Khanh's right to assume the presidency and accused the United States of intervening in South Vietnamese domestic affairs at a noisy rally in the Student Union headquarters today.

Khanh had broadcast a veiled threat that the youths stood a chance of being drafted into the army if they demonstrated against his government. Referring to the scheduled meeting, he said the students could control their own destinies, "which are being decided within a few hours."

He suggested the students continue their school work, but said if they wish "to participate in the struggle of the whole Vietnamese people the armed forces will welcome them with open arms."

Evidently heeding that warning, the students stayed inside and did not demonstrate. Police kept the building under surveillance. The meeting was the first of a series scheduled this week and next that is expected later to include street marches.

Student leaders declared the ruling military council, in which Khanh move dup from premier to president Sunday is not representative of the people.

Others declared that American officials instigated Khanh's election as president, in which he supplanted the popular Maj. Gen. Duong Van Minh as chief of state.

Authorities were braced for possible anti-government demonstrations by Buddhists. As a precaution, they quietly dismantled a monument to the late President John F. Kennedy. The U.S. Embassy reported to have concurred in this removal of a potential target for street mobs.

The concrete slab was removed Tuesday night from a main square in Saigon, where it had stood in front of the city's Roman Catholic cathedral.

Preliminary Orbit of Space Station

By HOWARD BENEDICT

CAPE KENNEDY, Fla. (AP) — The Syncom 3 communications satellite, intended to relay television pictures of the October Olympic Games in Japan quickly to North America and Europe, rocketed into a preliminary orbit today en route to a planned stationary post high above the Pacific Ocean.

Officials were cheered by the early success of the mission. But the "Olympic Star" satellite must execute a number of complex maneuvers in the next 12 days to shift its orbit and reach its goal as the world's first truly synchronous — stationary — satellite.

While Syncom 3 is a research vehicle and television is not its main job, successful intercontinental transmission of Olympic pictures would be the most dramatic performance so far by communications satellites.

U.S., Japanese, Canadian and European interests plan to spend nearly \$1 million to demonstrate Olympic television capability with Syncom 3. Practically none of the transmission will be live, primarily because of time differences, and ironically, Canadian and European viewers probably will see more of the film relayed by Syncom 3 than will those in the United States.

The three-stage TAD-thrust augmented Delta — rocket barreled away from Cape Kennedy at 7:15 a.m. (EST) to propel the drum-shaped satellite into the "transfer" orbit — a great egg-shaped route ranging from about 700 to 22,300 miles above the earth and requiring about 11 hours for each pass.

The National Aeronautics and Space Administration reported 30 minutes after launching that all three rocket stages had performed as planned and the 145-pound package of communications instruments was on course and sending strong signals.

Syncom 3's next hurdle will be reached about 28 hours after launching — about 11 a.m. Thursday — when it reaches the 22,300-mile-high point of its orbit for the third time. Then a small rocket is to be fired by ground command to jockey the satellite out of its widening transfer path into a circular orbit about 22,300 miles up.

This is to occur above Sumatra. Then ground monitors, commanding small payload jets by radio, plan to guide Syncom 3 delicately for more than 10 days to the desired mid-Pacific position. The jets are to arrest it there.

could not support Keating because of the senator's failure to endorse Goldwater and his vice presidential running mate, Rep. William E. Miller of New York.

Miller said Tuesday that Keating's announcement that he would campaign independently of the national ticket would not hurt it. Miller expressed confidence that he and Goldwater will win New York State's 43 electoral votes.

Keating, in announcing his candidacy at a news conference, spoke of "deep differences" between him and Goldwater.

Questioned by reporters, however, Keating said: "I hope very much that I can support the national ticket. I've always left the door open and it's still open. I simply do not know what the future may hold."

A major threat to Keating's chances in the general election is the possibility that Clare Boothe Luce, a staunch Goldwater supporter, will run for the Senate as the Conservative party candidate.

Keating conceded that Mrs. Luce would draw votes that otherwise might go to him.

Mrs. Luce — playwright, former Republican congresswoman from Connecticut, ambassador to Italy during the Eisenhower administration and wife of publisher Henry R. Luce — said Tuesday she would have to give more consideration to the Conservative party invitation to run.

Atty. Gen. Robert F. Kennedy is reported to have more than enough delegate votes to win the Democratic Senate nomination at the party's state convention here on Sept. 1.

Federal Housing

LITTLE ROCK (AP) — City Manager Ancell Douthitt said Tuesday that Little Rock would ask the federal Housing and Urban Development Dept. for \$820,000 with which to purchase 20 air conditioned buses to seat 45 persons each. The city would lease the buses to Twin City Transit for enough money to repay the loan over a period of years.

"DEAR ABBY"

ACTIONS—NOT COMMENDABLE! By Abigail Van Buren

Dear Abby: An extremely attractive woman and I have been seeing each other exclusively for the past year. I am in my early 40's and she is in her early 30's. She has recently begun to pressure me for a marriage date. She told me that she was a widow, but I learned quite accidentally, that she has had three husbands. Her first she divorced, her second died, and her third she also divorced. When I confronted her with these facts, she readily admitted they were true. When I asked her why she didn't volunteer the truth about herself in the first place, she said that she had been counseled not to. What kind of a "Counselor" would advise a woman to withhold such pertinent information from the man she intended to marry?

WONDERING Dear Wondering: One without integrity, obviously. But it's the WOMAN you are interested in, not the counselor. And any woman who would accept the counsel of deception is no better than her counselor. What else do you want to know?

Dear Abby: I have a 14-year-old daughter who rushes outside when she hears someone honk a horn. I tell her it is not right, that if a boy wants to see her, he should come to the door. She says I am old-fashioned, and that if she had a date with a boy then she would expect him to come to the door. But if he just happens to be driving by and wants to see if she's home, there is nothing wrong with honking his horn. All this horn honking and her running outside is getting too much for me. Maybe if you told her, Abby, she would listen. Or am I old-fashioned?

GIVE UP Dear Give: You are not old-fashioned. A boy who respects a girl will not "honk" his horn outside her home. And any girl

of this broad spread could be accounted for by using different methods of estimated the Johnson wealth.

If wealth is figured on the book value of securities held, it can conceivably be many times lower than if figures on the basis of the current market value of the same securities.

Robert Van Arsdale, resident partner for Haskins & Sells in Washington, declined to answer any questions about the five-page financial statement. He referred all questions to Everett Shifflet, a partner in the firm's New York headquarters.

"I'm not familiar with what's in the report," Van Arsdale said. He said the document was prepared in the New York office.

White House press secretary George Reedy declined to say why Johnson ordered the financial study and its release.

However, in the 1952 presidential campaign, Adlai E. Stevenson, the Democratic nominee, made public a rundown on his financial position. A like statement was issued later by his opponent Republican Dwight D. Eisenhower.

Financial figures for Sen. Barry Goldwater, the 1964 Republican presidential nominee, were given out Aug. 13 by the Valley National Bank of Phoenix, Ariz., which administers the Goldwater trust accounts.

The holdings of Goldwater and his wife were shown as totaling \$1.7 million as of June 30, largely in stocks.

Petitions Accepted

LITTLE ROCK (AP) — The petitions of Pat Robinson of Lewisville and Jim Rowan of Camden were accepted Tuesday by Secretary of State Kelly Bryant to qualify them as independent candidates for judge of the 7th Chancery District. Weather

Thunderstorms mainly north this afternoon and in west Tuesday. Low tonight 62 to 72. High Thursday 88 to 98.

By THE ASSOCIATED PRESS

Arkansas will get warmer weather Thursday, with maximum daytime temperatures in the low 90s, the U.S. Weather Bureau said today, but Friday will be cooler with more showers.

The bureau said cloudiness over the state will increase Friday as a weak cold front moves into the state. Low readings tonight were forecast at from 62 to 72. Maximum temperatures Tuesday ranged from 84 at Memphis, Harrison and St. Louis to 89 at Fort Smith. Overnight low readings ranged from 62 at Fayetteville and Harrison to 71 at Texarkana.

Showers fell in the East and Pacific Northwest today but continued to avoid the drought-stricken Midwest.

The dry weather persisted over the central United States where some late crops are struggling and livestock is running out of pasture.

The thunderstorms broke from Virginia to Maine in the East. In the Northwest, the showers followed cool air that spread into Montana.

The only other rain in the weather picture was forecast for the Gulf Coast and the south Atlantic states.

A cold front from Virginia to western Illinois remained nearly stationary, which meant little change appeared in sight for the arid central states.

Temperatures ran from the 40s in the northern Great Lakes to the 90s in the desert Southwest.

LOUISIANA — Partly cloudy through Thursday with scattered daytime thundershowers south and widely scattered afternoon thundershowers north portion. Not much change in temperatures. Low tonight 70 to 76. High Thursday 87 to 93.

EASTERN and SOUTHERN MISSOURI — Clear to partly cloudy and warm through tonight. The high today around 90. The low tonight in the mid to upper 60s. Increasing cloudiness and warmer Thursday.

Return of Dog Costing \$1,000

EVANSTON, Ill. (AP) — It's costing exactly \$1,000 for the return of their 4-year-old pedigree French poodle, Fifi, but Dr. Marianne Tahl says "she's worth it."

Dr. Tahl and her husband, Henry, also a doctor, left their two French poodles in the care of a friend in Los Alamitos, Calif., when they left to look for a permanent house in Evanston. On July 1 Fifi walked away. Mrs. Tahl promptly offered a \$1,000 reward in an ad in the Long Beach Independent. "If

you have two French poodles and you've grown fond of them, and one disappears — you just got to get it back," she said. Monday night, Dr. Tahl's California friends received a telephone call from Doug Darch, a tool and die worker who lives in nearby Harmon Beach. He had Fifi. Dr. Tahl said she would be happy to pay Darch the \$1,000.

## Bob Thomas at the Movies

By BOB THOMAS  
AP Movie-Television Writer

HOLLYWOOD (AP) — This is the week that the Beatles consolidated their invasion of the United States. Aside from several million teen-type girls, no one could be more delighted than a former Hollywood press agent named Walter Shenson.

The shaggy Liverpudlians kick off their American concert tour in the Cow Palace of San Francisco tonight. This weekend they will arrive in Los Angeles, causing a despot throughout the police force. The bigger the mob scenes, the more Shenson likes it.

I remember Walter as a top-notch publicist for Kim Novak, Rita Hayworth and other local figures. Then one day he disappeared and turned up in London as a producer. He had a rousing success with "The Mouse That Roared" and followed it with "A Matter of Who" and "Mouse on the Moon."

Walter returns to his native California each summer so his two young sons will not become too anglicized. As he was preparing to return to England last September, a United Artists executive asked if he would like to produce a film with the Beatles.

"Who are they?" Shenson asked in all innocence. "Walter agreed to look into the matter and he had the assurance that if the film made a profit only in England, United Artists would be satisfied. After some difficulty, he located the Beatles in London."

"They are piled into my taxi and started talking a mile a minute," Shenson recalled. "I found myself in the middle of a scene from a Marx brothers movie. That was when I decided to make a comedy, not a pop musical."

After observing the Beatles at work and play, Shenson and writer Alan Owen settled on the device of a day in the life of the singing sensations. "A Hard Day's Night" was shot in eight weeks at a cost of a half-million dollars, which makes it mighty fine investment.

Business has been sensational at matinees, but the film has had some difficulty attracting screen-shy adults. Shenson has proposed a late-night showing for adults only.

## Petitions Filed for Chancery

LITTLE ROCK (AP) — Jim Rowan, 44, former mayor of Camden, filed petitions with the secretary of state today in an attempt to qualify as a candidate for 7th District chancery judge.

Pat Robinson of Lewisville filed petitions last week.

Both are Democrats but both would have to run as independents in the November general election. No one else has filed for the post.

Gov. Orval E. Faubus named J. Bruce Street to serve as 7th District judge until the end of this year after the death of Judge R. W. Launius of Camden.

The secretary of state must count the names on the petitions to determine whether Rowan and Robinson got signatures of 15 per cent of the number of voters who voted for governor in 1962.

Rowan said he had 4,700 signatures, more than enough.

The district is composed of Dallas, Calhoun, Union, Quachita, Columbia and Lafayette counties.

## Baruch Has Turned a Spry 94

By ROBERT HOLTON

NEW YORK (AP) — Bernard Baruch turned a spry 94 today with an off-handed vow to continue the kind of thinking that brought him fame and fortune and had presidents asking his advice.

"I don't want to dwell on the past," Baruch said at a news conference Tuesday. "Today and tomorrow concern me more than yesterday."

The financier, who had earned a fortune by his 30th birthday, added: "It seems to me that our country's problems, domestic and foreign, are today more complex and difficult than any we have known in the past."

Yet, despite these problems and perils, the future holds out infinite possibilities and promises for the perfection of democracy and for the improvement of life, not only in this country but in every land.

Standing erect and supported lightly by a cane as he walked in and out of a midtown hotel suite for his news conference, the 6-foot-3 Baruch looked many years younger than his 94.

Except for the time it took to read a brief statement, Baruch lightly traded banter with reporters.

Asked what was the greatest lesson he had learned, Baruch smiled and quipped: "To mind my own business."

He said he seldom goes to Central Park anymore. He gained such fame for passing out advice from a bench there that one was dedicated to him and a plaque bearing his name was attached to it. The same honor was given him in a Washington, D.C., park.

A spokesman said Baruch swims three or four times each week and still makes trips to his plantation in South Carolina.

# Orioles Retain Margin, Yanks Are Defeated

By MURRAY CHASS  
Associated Press Sports Writer

The Baltimore Orioles are flying again, but they haven't reached Mickey Lolich's altitude.

The Orioles, recovering from two straight losses to the New York Yankees, defeated Boston 5-2 Tuesday night and maintained their 1 1/2-game lead over Chicago in the American League pennant race.

Lolich took time out from a two-week hitch with the Air Force for a three-hit 1-0 shutout over the Los Angeles Angels in the second game of a two-night doubleheader. The Angels won the opener 1-0 behind the two-hit hurling of Dean Chance.

Stationed at Alpena, Mich., 230 miles from Detroit, Lolich flew in on a C-47 especially for the game. He planned to return to Alpena the same way today.

The 24-year-old left-hander stopped over in Detroit long enough to allow three singles in the first inning, then held the Angels hitless the rest of the way for his 13th triumph against seven defeats.

Lolich also had time to watch the major leagues' leading shutout ace at work. Chance, a remarkable 23-year-old right-hander, shot down the Tigers for his eighth shutout of the season and his second straight two-hit whitewash performance.

The victory was Chance's ninth in a row and gave him a 14-5 record. It also moved him one shutout ahead of Whitey Ford of the New York Yankees and Los Angeles Dodgers.

Elsewhere in the AL, the Sandy Koufax of the Los Angeles Dodgers, who has won 10 in 10, pitched a 1-0 shutout over the Minnesota Twins at St. Paul.

In the National League, Chicago edged Philadelphia 4-3 in 16 innings, Cincinnati blanked San Francisco 10-2, St. Louis defeated Houston 5-2, New York knocked out Pittsburgh 7-3 and Milwaukee beat Los Angeles 3-1.

The Tigers gave Lolich all of the help he needed in the first inning. Jerry Lumpe singled, took second on an infield out and dashed home on a single by Gates Brown. The Angels had loaded the bases without out in their first on three singles, but Lolich got Lou Clinton on a foul pop and struck out Bob Perry.

Vic Power homered off Hank Aguirre in the second inning for the Angels' run in the opener. Chance escaped a bases-loaded situation in the first by retiring Bill Freehan on an inning-ending grounder. The only hits off Chance were singles by Brown in the first and Al Kaline in the sixth.

Norm Siebern and Boog Powell led the Orioles' attack, each banging a two-run double off Boston starter Bill Monbouquette. Siebern hit in the three-run fourth inning while Powell connected in the sixth.

Dick Hall preserved Robin Roberts' 11th victory against five defeats. Hall relieved Roberts in the seventh after Ed Bressoud sliced a leadoff single.

# Marichal May Be Ready Again

SAN FRANCISCO (AP) — Juan Marichal, the ace right-hander of the San Francisco Giants, pitched batting practice Tuesday night before the game against the Cincinnati Reds.

"He threw sliders and curve balls," said San Francisco coach Herman Franks. "He may be able to go again at the end of the week."

Marichal injured his back July 29 and hasn't pitched since. His record is 15-5.

# Coach Counts Heavily on Gilchrist

BUFFALO By JACK HAND  
Associated Press Sports Writer

BUFFALO, N.Y. (AP) — Coach Lou Saban counts on the running of a healthy Cookie Gilchrist and Wray Carlton and the passing of Jack Kemp to keep his Buffalo Bills in the thick of the race in the American Football League's Eastern Division.

"This should be the best club I've had," said Saban, who is starting his third year as head man. "Our main problem last year was losing key men like Carlton, Gilchrist and Dick Hudson for most of the season. Our offensive line should be better and our running game should be improved. We have added some young men who will help us on defense."

The Bills have a secret weapon in Pete Gogolak, the Hungarian refugee from Cornell who kicks field goals from a 45-degree angle, soccer-style. Gogolak booted a 57-yard field goal in the Bills' first exhibition game and thinks he can do better.

The Bills think they are solid up front with Hudson back at right tackle after missing a year with a knee injury. Dave Behrman moves over to right guard. Center Al Bemiller, left guard Billy Shaw and left tackle Stew Barber are the others.

Kemp, with Daryle Lamonica to back him up, will do the passing to split end Bill Miller. Flanker Elbert Dubenion and tight end Ernie Warlick.

Gilchrist, reportedly sound again, is ready to carry the heavy burden at fullback, with Carlton, a 6-foot-2, 220-pounder, at running back. Leroy Jackson, ex-Washington Redskin, is behind Carlton.

Saban is high on two rookie defense linemen. Harrison (Hatch) Rosdahl of Penn State and Tom Keating of Michigan. Both are potential defensive ends. Jim Dunaway and Tom Sestak at the tackles are top-flight. The ends are Roland McDole and Tom Day.

John Tracey, Harry Jacobs and Mike Stratton are the regular line-backers with Paul Maguire, former San Diego player, as reserve and also punter.

## 13 Athletes Are Getting 2nd Chance

By LARRY BORTSTEIN  
Associated Press Sports Writer

NEW YORK (AP) — Thirteen athletes, including Jim Beatty, are getting an unprecedented second chance to make the Olympic track and field team.

The athletes, including seven track men and six field event specialists, were passed into the final Olympic trials, to be held Sept. 12-13 in Los Angeles by a board composed of five members of the Olympic Track and Field Committee Tuesday.

This is the first time it has been possible for athletes to have a second chance to make the team after failing to qualify in the tryouts. The Olympic committee allowed appeals by those who felt their showing in the New York trials should not be considered a true test of their capabilities. Others were injured and didn't compete in New York.

A total of 48 athletes made written appeals, although a complete list was not disclosed.

Beatty, of Los Angeles, was the most prominent of the athletes advanced. The former world record holder for the indoor mile withdrew from the 5,000-meter race in the New York trials with a leg cramp and has had a relatively poor outdoor season.

It was felt, however, that his 8:38 clocking in the two-miles earlier this year was an indication that he hasn't passed his peak.

Other athletes passed into the Los Angeles trials were Cliff Cushman, Air Force colonel and 1960 silver medalist at Rome, in the 400 meter hurdles; Bernie Rivers, New Mexico U. sophomore 200 meters; Dave Archibald, San Diego, 400 meters; Ron Larrien Los Angeles and Dick Macy, Houston, 10,000 meters; Pat Traynor Philadelphia 3000-meter steeplechase; Bob Humphreys Pasadena, discus throw; Bill Floerke, Kansas, and Les Tipton Oregon javelin throw; Jim Pridie Iowa, hammer throw; and Ken Flercke, Kansas, and Norm Tate North Carolina College triple jump.

# Pinson's Arms Are Cause of Giant Rhubarb

By MIKE RATHET  
Associated Press Sports Writer

If you see it, Al Dark's way the San Francisco Giants were beaten in the first game of the vital home stand by three arms.

Dark, whose Giants are trying to overhaul National League-leading Philadelphia, wasn't too happy about the job done by Jim O'Toole's left arm as the Cincinnati ace pitched the Reds to a four-hit, 1-0 victory Tuesday night.

But what made the San Francisco manager furious was the feeling that the Giants were really given the business by Vada Pinson's waving arms.

The situation that angered Dark arose in the eighth inning of a scoreless duel between O'Toole and Bob Bolin, who had limited the Reds to two hits when they suddenly parlayed a walk, a bunt single, an error and Pinson's arms into the game's only run.

With one out in the eighth, Chico Ruiz walked and reached second on Maury Keough's bunt single. Pinson then lofted a short fly to center, shortstop Jose Pagan brushing into center fielder Willie Mays as the ball dropped between them. That filled the bases and set the stage for the key play.

Frank Robinson hit a grounder to second baseman Hal Lanier, who flipped to Pagan for a force, but the Giants missed the double play when Pagan's relay to first pulled Orlando Cepeda off the bag. Ruiz entered the Reds' dugout after scoring as Dark came storming out of the Giants' dugout.

Dark protested that Pinson had interfered with Pagan's vision by waving his arms as he came into second base, but was overruled. He also was ejected.

The loss cost the Giants an opportunity to gain ground on the front-running Phillies, who maintained their five-game bulge despite a 4-3 loss in 16 innings to the Chicago Cubs.

Joey Amalfitano's two-run double won it for the Cubs in a 5-hour and 25-minute struggle which the first to go pat the 12:50 a.m. local time curfew since NL President Warren Giles lifted the time ban to allow all games to be played to a decision.

The St. Louis Cardinals, meanwhile, moved into fourth place as Ray Sadock posted his 15th victory in a 5-2 triumph over Houston, Milwaukee's Denny Lemaster four-hit the Los Angeles Dodgers 3-1 and Joe Christopher slammed a homer, two triples and a double in the New York Mets' 7-3 walloping of Pittsburgh.

American League-leading Baltimore defeated Boston 5-2, the Chicago White Sox edged the New York Yankees 4-3 in 10 innings, Minnesota whipped Washington 6-1, the Los Angeles Angels and Detroit swapped 1-0 shutouts in a two-nighter and Kansas City thumped Cleveland 13-9 before the Indians took the nightcap 5-1.

Amalfitano put an end to the Cubs' Phillies' marathon with two out in the 16th when he doubled after Andre Rodgers singled and pinch hitter Dick Bertell walked. The Cubs needed both runs as Philadelphia catcher Clay Dalrymple, who had committed a costly two-base error earlier homered in the bottom of the 16th.

Dalrymple's error came after Amalfitano had homered in the eighth for the first run off Dennis Bennett, who had allowed only four hits and held a 1-0 lead. Dalrymple fired wild on a high bounce in front of the plate by Leo Burke, who then scored on a double by Ernie Banks.

The Phillies tied it in the ninth when Alex Johnson, running for Wes Covington, who had singled, stole second and scored on Toy Taylor's single.

Sadock 15-9, won his own game in the seventh inning when he tripled and scored the run that broke a 2-2 tie on Lou Brock's single. Sadock then turned the pitching over to Barney Schultz, who held the Colts in check the rest of the way.

Hall retired the Red Sox the rest of the way.

The Yankees held a 3-0 lead over the White Sox until Floyd Robinson drove a three-run homer against Al Downing in the eighth. Chicago won the game with two out in the 10th on singles by Al Weis, Pete Ward and Mike Hersherberger. Phil Rizz tripled twice for New York, driving in one run and scoring two. The loss dropped the Yankees four games behind the Orioles.

Don Mincher belted his 17th and 18th homers, driving in four runs, as Camilo Pascual won his 13th game for the Twins. Bob Allison slammed his 29th homer in the seventh following Mincher's three-run blast against the Senators' Steve Riddick.

Rookie Luis Tiant pitched his fifth complete game, recording his sixth triumph in eight decisions with a four-hitter over the Athletics. Tiant struck out 12. Fred Whitfield and Tito Franco hit solo homers in the Indians' fourth while Joe Azcue batted in two runs with a single and a double.

The A's unleashed a 16-hit attack in the opener with Rocky Colavito lashing a three-run triple in the third and Jim Gentile getting a two-run homer in the fifth. Wayne Causey contributed two singles and two doubles while the Athletics aided Cleveland's cause with four errors.

# Bullen to Mean Flag Winner

CHICAGO (AP) — The team with the strongest bullpen will win the American League pennant, take it from Al Lopez, manager of the Chicago White Sox.

Lopez, the only man who has broken the New York Yankee pennant stranglehold in the last 16 years by piloting Cleveland to the flag in 1954 and Chicago in 1959, claims this is the age in which pennants are won and lost in the bullpen.

Lopez dipped into his bullpen again Tuesday night and came up with knuckleballer Eddie Fisher to provide the Sox with their third straight victory, a 4-

Fisher, along with Hoyt Wilhelm and Don Mossi, helps provide the Sox with the bullpen power Lopez feels is necessary to win the flag.

# McKinley, Ralston Head Team

By WILL GRIMSLEY  
Associated Press Sports Writer

NEW YORK (AP) — Chuck McKinley and Dennis Ralston, the two-man combination which wrestled the Davis Cup from Australia last year, were named today to head a seven-man team for defense of the trophy next month.

Meanwhile, fear that the wily Melbourne fox, Harry Hopman, might be planning a fast one for the Challenge Round was eased with the announcement that the Australian team definitely will play in the U.S. National championships at Forest Hills Sept. 13.

McKinley and others had expressed the opinion that Hopman would hold his boys out of the Forest Hills tournament and take them directly to Cleveland to get used to the combination clay surface on which the matches will be played.

The Challenge Round is scheduled Sept. 25-27. Players moving directly from Forest Hill's fast grass to Cleveland's slow clay would have to make quick revisions in their style of play.

Henry Benisch, tournament chairman at the West Side Tennis Club, said, however, that he had talked with Hopman the Australian captain, on Monday and that Hopman had assured him the entire Aussie team would play at Forest Hills.

Benisch said he also had received a commitment from Rafael Osuna of Mexico, the defending champion, that he would be on hand for his title defense.

Besides McKinley and Ralston, the country's No. 1 and No. 2 ranked players respectively, the squad included Frank Froehling of Coral Gables, Fla., No. 3; Marty Riessen of Evansville, Ill., No. 5; Arthur Ashe Jr. of Richmond, Va., No. 6; Charles Pasarell of Puerto Rico and Clark Graebner.

Ashe, 21, is the first Negro ever named to a Challenge Round squad.

# Stage Sets Fascinate TV Fans

By CYNTHIA LOWRY

HOLLYWOOD (AP) — Star-gazing, after all these years, remains the favorite sport of residents and visitors in this world film capital.

Buses providing guided tours around the studio lots and past the stars' homes are invariably filled. Except for the forthcoming Beatles appearance, the hottest ticket in town entitles the bearer to a two-hour, \$2.50 tour ride around the busy Universal-Revue lot.

It is booked solidly for weeks in advance.

Watching human actors — preferably well-known ones — perform is interesting, but even more fascinating is a look at the complicated assembly line set up to make a television series like "Voyage to the Bottom of the Sea." ABC's new science-adventure series about an atom-powered submarine and set 10 years in the future.

The series will specialize in dramatic undersea action which requires delicate, special camera work.

There will be collisions between subs, underwater explosions, even attacks on cities built on the ocean floor. All this violent action takes place in a cement tank on the studio backlot the size of a small swimming pool but considerably deeper and equipped with port-holes for the cameras' eyes. All the props, from subs to rocks and buildings are carefully constructed scale miniatures.

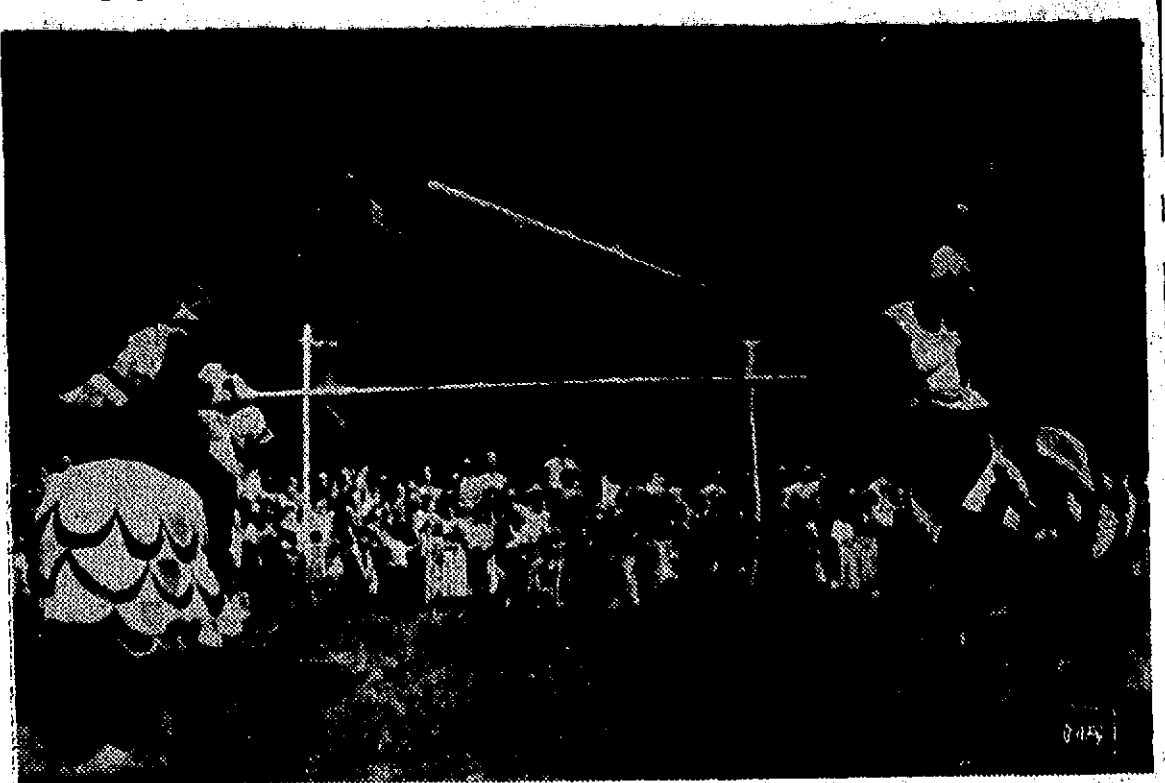

CBS' "Perry Mason Show" shut down production this week while star Raymond Burr is recovering from a bad tooth infection. He was not only in severe pain but his face swelled to a point where no makeup could disguise it.

Most interesting program of the past week by any standards was CBS' Thursday night visit with Mrs. Lyndon Baines Johnson at the "Little White House" in Texas, the LBJ Ranch.

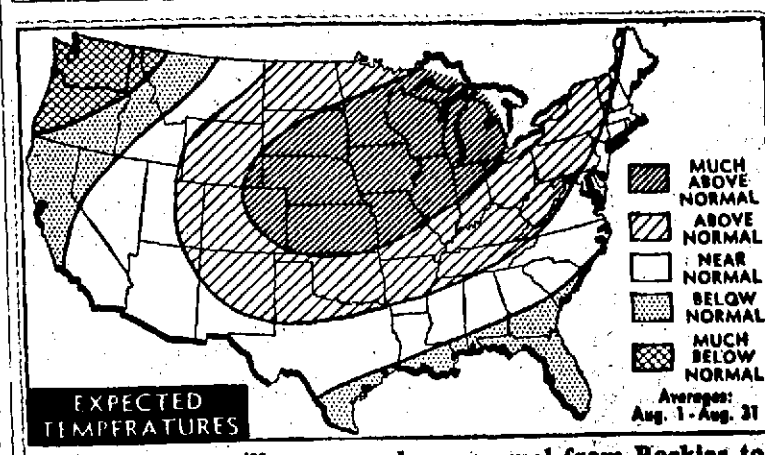

Mrs. Johnson proved a warm, gracious and interesting hostess, moving informally through the downstairs rooms and pointing out items of special interest.

Walter Cronkite handled the half-hour in the effective old "person-to-person" style.

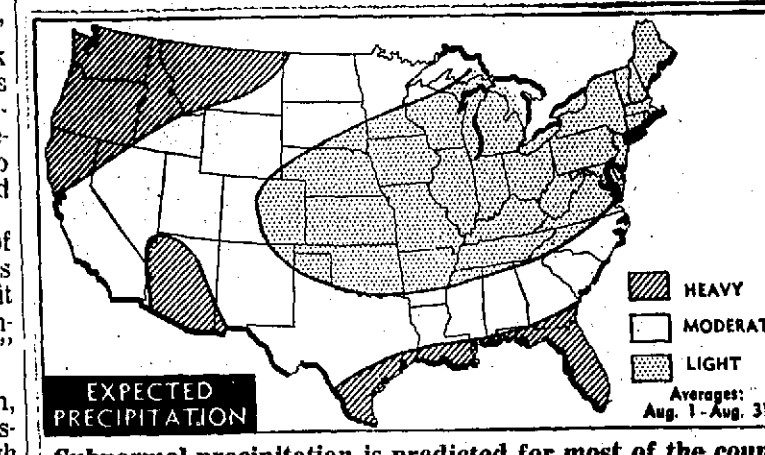

Mrs. Johnson will give ABC something like equal time with a Washington interview with Howard K. Smith in the White House Oval Room on Aug. 22.

JOUST IN SPORT—A grass covered battlefield in Somerset, England, is the setting for this sports scene out of the past. The joust tournament was the first of its kind to be held since knighthood was in flower.

Temperatures will average above normal from Rockies to Appalachians. Below normal averages for South and West Coast.

Subnormal precipitation is predicted for most of the country. The East and Midwest can expect only light precipitation.

Above his reddening neck the muscles corded like ropes along Renwick's jaw. The skin turned white about the corners of his mouth and by his stare Terrapin's sheriff looked to be not over one stride from apoplexy.

But his words, when they caught up with his breath, came strangely soft from so outraged a look. "I think," he mouthed, "we'll have a look through that brush."

Renwick, ignoring him, said to the aid crowd of silent watchers, "Boys, spread out and see what you can scare up."

But as they were moving away he flashed Ives a hard look. "I don't know what caliber of justice you favor but so long as I'm sheriff the law around here ain't to be mocked. If they come up with any damaged badge packers you're going to be jailed, be sure of that. And if they turn up a stiff, we'll see how much stretch there is to your neck."

# Districting Solution Is Sought

By JOHN BECKLER

WASHINGTON (AP) — Congressional leaders sought a solution today to the deadlock over state reapportionment that has tied up key legislation and all but dashed hopes that Congress can adjourn this week.

Neither side showed any sign of yielding in the Senate struggle over a proposal to delay court-ordered reapportionment of state legislatures that has developed into a vote-blocking filibuster.

Senate Republican Leader Everett M. Dirksen of Illinois, chief sponsor of the proposal, says he intends to get a vote on it no matter how long it takes. Sen. Paul H. Douglas, D-Ill., one of the opponents, says the fight will last "until we win."

Dirksen is seeking a two-year delay to permit Congress and the states to act on a constitutional amendment that would undo the Supreme Court's ruling that districts for both houses of state legislatures must be "substantially equal" in population. Sparsely settled rural districts now control many legislatures.

Sens. Jacob K. Javits, R-N.Y., and Eugene J. McCarthy, D-Minn., suggested as a compromise that the proposal be limited to a resolution stating the "sense of the Congress" that courts permit a reasonable time for reapportionment.

Dirksen brushed this aside as meaningless because it would be advisory rather than mandatory.

The debate is holding up final action on the \$3.3-billion foreign aid authorization and has jammed other important bills into a tight corner as time grows short.

Even if Congress can't adjourn this week before taking off for the Democratic National Convention starting next Monday, the leaders plan only one more week after the convention to wind up affairs. That would take Congress up to Labor Day, traditional starting time for election campaigns.

In the House, the reapportionment fight has cost Speaker John W. McCormack, D-Mass., the cooperation of the House Rules Committee, which he vitally needs to clear bills for floor action.

Rep. Howard W. Smith, D-Va., committee chairman, has a solid majority of the members behind him in opposing the court's reapportionment ruling. The committee already has voted 10-4 to send to the floor a bill that would strip the federal courts of jurisdiction over state reapportionment.

McCormack is holding up the bill, and Smith is holding up any further hearings of the Rules Committee. Unless the speaker wins the power struggle, several bills will be finished.

# He Plans to Live to Be 120 Years Old

ATMORE, Ala. (AP) — Will Adams plans to live to be 120 years old.

The spry old ex-slave just might make it—if his kinfolks can keep him from climbing trees. He will be 114 years old Thursday and people that age just aren't supposed to be out on a limb.

Actually, Adams hasn't been quite that frisky since he fell out of a pecan tree two years ago, according to his daughter, Mattie Thomas.

She said her father has been "acting more his age" since the incident, because it forced him to see a physician for the first time.

Adams still has a great deal of vitality. He points out that he worked at a sawmill until he was 94. Every once in a while he shuffles through a dance routine.

Without doubt one of the country's most senior citizens, Adams likes to think he is still capable of his earlier exploits.

"I can still beat any man in the state in a river log-rolling contest," he says.

His daughter adds in a whisper that he actually hasn't been swimming since he was 94.

At that time he was working for the W.T. Smith Lumber Co. at Chapman, Ala. Previously he

LITTLE ROCK (AP) — Craig Holt of Bentonville has been appointed by Gov. Orval E. Faubus to fill the unexpired term of Benton County Sheriff Hugh D. Black, who resigned.

Black resigned to accept a presidential appointment as deputy U.S. marshal for the western district of Arkansas, with headquarters at Fort Smith.

Holt, a former Benton County judge, will serve until January when Glenn Pyle of Bentonville is scheduled to take office. Pyle was nominated to the post in the Democratic runoff primary. Black did not seek reelection.

worked for the Louisville & Nashville Railroad, where he started in 1866 for 25 cents a day. During the Civil War, he drove an ox cart as a slave.

Adams was born in Virginia Aug. 20, 1850. He was sold to an Alabama plantation owner while a baby.

Adams did not marry until he was 50. He has outlived his wife by some 20 years.

Three of his six children are still living, in addition to a stepdaughter, 10 grandchildren, three great-grandchildren and one great-great-grandchild.

"God clean living" — That's what Adams attributes for his longevity. He is asleep by 8 p.m. and awakes at 5 a.m. for the first of his three daily coffee breaks. A devout Methodist, he has never indulged in alcohol or tobacco.

# Two Ask All Segregation Halt at UA

LITTLE ROCK (AP) — Two Negro students asked U.S. District Court here Monday to order the University of Arkansas to stop all forms of racial discrimination.

The university students' suit was prompted by the university's housing policy, one of their attorneys said.

The suit asked the racial barriers be dropped in housing, varsity athletics, hiring of instructors, social organizations, recruitment of high school students and "all other activities couple with a racial policy."

All 10 members of the university board of trustees, and Dr. David Mullins, university president, were named as defendants in the lawsuit filed by Robert Whitfield, 25, of Little Rock, and Joanna Edwards, 20, of Pine Bluff.

One of their attorneys George Howard Jr. of Pine Bluff, said the university provides separate housing for Negro women and white women, and has no facilities for Negro men.

He said both students had requested housing changes, but the school took no action.

Howard said the suit asked the court to order the university to hire qualified Negroes as instructors and in administrative positions, and stop denying Negro students the right to take part in any phase of university life, including varsity athletics and social activities.

Earlier this year the board considered allowing Negroes to compete in varsity athletics, a move a number of other Southwest Conference schools have taken, but decided against it.

The suit also asked that the university extend its program for recruiting high school seniors to include Negro schools.

Howard said the university sends representatives to speak to white high schools, but not to Negro schools.

Whitfield and Miss Edwards were among students suspended in 1963 by Arkansas AM&N, an all-Negro college at Pine Bluff, for taking part in civil rights demonstrations in downtown Pine Bluff.

Both transferred to the university, where Whitfield is a senior elementary education major and Miss Edwards is a senior art major.

The university began desegregation in 1947 with the Law School and later extended it to other graduate schools, and then to the undergraduate level.

There were about 30 Negroes on the university's Fayetteville campus last year. The university enrollment was 7,327.

U.S. District Judge J. Smith Henley will hear the case.

LITTLE ROCK (AP) — Someone in the Winthrop Rockefeller for Governor headquarters put the name of his Democratic opponent on a list of persons solicited for campaign funds the Arkansas Democrat reported Sunday.

Democrat writer George Douthett did not record the reaction of Gov. Orval E. Faubus but quoted part of the Republican candidate's appeal for contributions.

"Win has them on the ropes and you can help 'knock them out' by sending us your contribution," it said.

The story also quoted the appeal as saying "Only a substantial effort can defeat the well-financed deeply entrenched political machinery that is behind Gov. Faubus' try for his sixth term."

## Space TV Could Blanket America

JACKSONVILLE, Fla. (AP) — A space communications expert says it is possible by use of a satellite to blanket North America with one television station at a cost of \$30 million, compared to the \$500 million a full network costs.

George S. Shaw, senior vice president and cofounder of Radiation Inc., of Melbourne, Fla., said Monday, "A communications satellite in synchronous, or apparently stationary orbit can beam a television signal which has been relayed to it from a ground source and provide continuous programs."

## Special State Court Called for August 31

LITTLE ROCK (AP) — A special session of the state Supreme Court has been called Aug. 31, Chief Justice Carlton Harris said today, to hear arguments in two suits affecting the November general election ballot.

One is the appeal of Little Rock attorney Kenneth Coffelt from an adverse circuit court ruling on his effort to become an independent candidate against Atty. Gen. Bruce Bennett.

The other is on a suit filed directly with the high court, seeking to void the title of the proposed amendment to legalize gambling in Garland County. The suit seeks to prevent the issue from being certified to the ballot.

Sept. 2 is the deadline for the state Elections Board to certify the general election ballot. The Supreme Court's regular fall term does not begin until Sept. 7.

Coffelt maintains in his suit that he needs only 50 signatures on a petition to qualify as an independent candidate. The defending in the case, Secretary of State Kelly Bryant, maintains Coffelt must have 46,214 signatures — 15 per cent of the total vote in the previous gubernatorial election.

Bryant refused to certify Coffelt as a candidate on the basis of a petition bearing 75 signatures. He said he acted on a ruling by Bennett that the 46,214 names were needed.

The gambling proposal was attacked last week by four tax

## Auto Industry Seems Closer to a Strike

By GENE SCHROEDER

DETROIT (AP) — The nation's auto industry was a step closer to a possible crippling strike today with rejection by the United Auto Workers Union of new contract proposal by General Motors, Ford and Chrysler.

Which of the Big Three automakers will be chosen as the No. 1 strike target probably will be decided at a meeting of the UAW International Executive Board Thursday in Chicago.

GM was named as the primary target in 1961. Ford was selected in 1955 and 1958.

In almost identical offers Monday, the companies proposed new three-year contracts for more than a half million production line workers lining for higher wages, earlier retirement and larger pensions.

Workers at all three companies are participating in a strike-authorizing vote which is expected to gain overwhelming approval.

Such a move is customary as contract expiration deadlines approach.

In 1961, both sides agreed to a week's extension of the GM contract, and agreement was reached on a new pact six hours before the strike deadline.

## Khanh Asks War Cabinet for Viet Nam

By MALCOLM W. BROWNE

SAIGON, South Viet Nam (AP) — With his grip on the government tightened by his election to the presidency, Maj. Gen. Nguyen Khanh plans to appoint a war cabinet to concentrate on the campaign against the Communists.

Khanh stepped up from premier after South Viet Nam's 62-man military junta approved a new constitution Sunday creating a presidential system with near-dictatorial power for the president in an emergency.

The junta placed only one restraint on Khanh. It insisted on a constitutional provision requiring the president to consult with the junta — the Military Revolutionary Council — before issuing decrees.

Asked if he intended to take the role of military dictator, Khanh replied: "For six months I have been head of a totalitarian regime without being totalitarian. I can head a dictatorial regime without being dictatorial."

Government sources said Khanh probably will name cabinet members within a week.

A ranking minister commented: "It will be like reshuffling a deck of cards, but all the cards will remain in the deck."

Khanh replaced Maj. Gen. Duong Van Minh, who held the presidency as figurehead chief of state. Although Minh remains as an adviser to the government, the shakeup removed the popular general from the center of power.

Minh, a key figure in the overthrow of the Ngo Dinh Diem regime last November, lost control of the military junta in Khanh's coup d'etat Jan. 30 but retained his titular office. Some observers suggested that Minh may have incurred Khanh's disfavor by showing sympathy to the French proposal for the neutralization of Viet Nam.

As for the possibility of a more active U.S. role in South Viet Nam, Khanh said: "Everything we do is done in close cooperation with American authorities. All military tasks will depend on the requirements of the situation."

Police patrolled Saigon in unusually large numbers Sunday night, particularly near Minh's home. However, the capital was calm.

Widely scattered showers were expected to dot the state by Wednesday.

No measurable rainfall was reported Monday.

## Greeks Close Ranks for Cyprus Fight

By GEORGE MCARTHUR

NICOSIA, Cyprus (AP) — Greece apparently is close at ranks with the Greek Cypriot regime of President Makarios by withdrawing some Greek forces from the North Atlantic Treaty Organization to help defend Cyprus.

Greece's decision Monday helped ease a strain between Athens and Nicosia. It also came as a new blow to the solidarity of the Atlantic Alliance's eastern flank at a time when the Soviet Union has become embroiled in the Cyprus crisis.

Turkey withdrew some air force planes from NATO control, nine days after the Greek Cypriots charged that Turkish jet fighters took off from NATO bases to attack Cyprus.

A Greek Foreign Ministry statement in Athens said Greece's protests about the Turkish pullout had gone unheeded.

"Following this," the statement added, "Greece decided to withdraw the necessary army, naval and air force units assigned to the alliance."

It said the decision was taken "to fulfill Greek obligations to defend the independence and territorial integrity of Cyprus, and in particular to ward off the constant Turkish threat."

Greece also hailed "as an important contribution to peace" Soviet Premier Khrushchev's warning to Turkey against further air attacks on Cyprus.

The Greek stand pleased the Greek Cypriot government, which had been chided by Premier George Papandreu for launching a military drive against a Turkish Cypriot coastal stronghold without consulting Greece. The attack brought four days of Turkish fighter raids on Greek Cypriot towns.

Greece's NATO forces total 120,000 men and its entire air force, more than seven fighter-bomber squadrons, is committed to the alliance. Like the Turkish armed forces, most Greek units have U.S. equipment.

The statement said the headquarters of the Greek NATO detachment would be transferred from the Turkish port of Izmir, 180 miles east of Athens, to Salonika in northern Greece.

A Greek military source in Athens said Gen. Lyman Lemnitzer, NATO commander, had appealed to Greek Defense Minister Peter Garofalias to try to persuade his government not to transfer the headquarters from Izmir.

A special Greek Cypriot envoy, Dr. Vasson Lyssarides, returned from Moscow Monday and said the Soviets had told him they intended to give the Greek Cypriots effective support against any new aggression.

Lyssarides, who conferred with Foreign Minister Andrei A. Gromyko, declined to discuss what aid the Soviets offer.

President Johnson sent a message to Makarios, but its contents were not immediately disclosed.

## Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer

HOLLYWOOD (AP) — Pretty, blonde Meredith MacRae, the 19-year-old daughter of Gordon and Sheila, is learning the acting business in one of television's most demanding schools, the ABC series "My Three Sons."

Most television series are filmed program by program, although scenes often are shot out of sequence to save set-changing time.

"My Three Sons" for four years has been filmed in large unrelated chunks under a special arrangement with the star, Fred MacMurray, who works on the show only for certain concentrations.

The other regulars — the three boys who play the sons, co-star William Frawley and Meredith, who is playing the oldest son's fiancée for a second season, spend the rest of the time shooting scenes in which MacMurray does not appear.

"It does make your role a bit difficult," admitted the young performer. "You can't learn the whole show. Sometimes you'll be learning three different scenes for three different programs, to be shot in the same working period."

Since last season Meredith has become formally engaged to Richard Berger, a young Midwesterner whose career interest is business management. As the long-playing fiancée of Mike Donovely by Tim Considine, Meredith wears no engagement ring because, according to the story line, he can't afford one.
